

IWATSU  
**ICON**<sup>TM</sup>  
series

The Iwatsu ICON Series IX-59DS IP DSS unit was designed to simplify the call processing for attendants, administrative assistants and power users by providing a large, backlit LCD with 30 self-labeling keys. The ICON Series IP DSS includes a layer-2 switch to connect to a PC or other network resource. Up to 60 feature keys across two screens are supported on the the Iwatsu ICON Series IP DSS and can be used for call coverage, direct station selection or other Iwatsu features.

**IX-59DS** IP DSS
